Subject: Building Extension Update - Progress and Timeline

Dear Committee Members and Sadh Sangat ji,

We understand and share the concerns of all regarding the delay in the extension of our building. Rest assured, we are making every effort to expedite the process, and we are now nearing the final stages of obtaining the full permit to commence and complete the building extension.

Update:

- The fire performance report, crucial for compliance with regulations, was prepared and submitted to the surveyor on December 4, 2023. Additional updates were provided on January 9, 2024.
- Concurrently, the Form 129 Dispensation Report required by Fire Services Victoria has been filed.
- Initial checks by FRV have been approved, marking the successful completion of the first stage.
- We are currently awaiting the final detailed checks and subsequent approval from FRV, which will then be submitted to the Surveyor for the issuance of the final building permit.
- Pending approvals, we anticipate permit approval by mid to the third week of March 2024.
- We will then expedite the project as quickly as possible.

Progress on Site:

Despite permit-related procedures, contractors have commenced work on the drainage and stormwater system, with an expected completion within the next 2-3 weeks.

We appreciate your patience and support throughout this process. Should you have any questions or require further updates, please feel free to reach out.

Gurfateh

Management Committee SGNSS

Expense statement on Building Extension upto 31st January 2024
